

## Moses in the Bulrushes

The baby Moses was found in the reeds near the river by the Pharaoh's daughter and her maid. This cutout has a background of trees, sky, water and reeds for you to color as you choose. Color the figures and the basket of bulrushes with the baby.

The figures can be glued to cardboard bases so you can move them about. Moses' sister goes to the Pharaoh's daughter and asks about finding a nurse. She was hiding near the baby at first.

All of the figures will stand up better for you if they have cardboard supports glued to them.
