

Nebuchadnezzar's Dream

Daniel: Chapter 2

Instructions:

1. On the page that is labeled with gold, silver, etc. decorate the figure with the appropriate colors/materials.
2. Use metallic pens, gold/silver/bronze colored foils or just color with metallic colored crayons.
3. You may want to put specks of black (for the iron) on the clay feet to represent the iron mixed with clay.
4. Cut out the figure on the second sheet keeping the surrounding paper intact (like a picture frame). Discard the figure.
5. Glue the sheet with the cut-out over the top of the other sheet so that the gold, silver, bronze, iron and clay show in the cut-out space.
